On October 23, 2019 the Central Penn Business Group on Health will host an introductory event designed for employers in York and Adams Counties to highlight the work we are doing in the region to help find solutions to the ever-rising cost of healthcare.

Founded in 1984 in Lancaster, PA by a group of employers concerned about the quality and cost of healthcare, we began our expansion into the broader region in 2017. Our expansion was a direct response to market changes and a broader need for our services. Today, CPBGH is focused on supporting employers in Adams, Berks, Cumberland, Dauphin, Lancaster, Lebanon and York counties. We are a collaborative organization focused on bringing together all of the stakeholders in the care continuum to focus on solutions for rising costs, new payment models and alternative delivery systems.

Come learn about our organization and our initiatives. Hear how we are addressing quality and cost and learn about the tools and resources available to you through our organization. **This event is free, but we do ask you to sign up so we can get an accurate count for catering purposes.**
